Adjusted Service Delivery Budget Implementation Plan

2019 - 2020

ADJUSTED SDBIP 2019/20

EXECUTIVE SUMMARY:

Our Service Delivery and Budget Implementation Plan (SDBIP) commits Makana Local Municipality to ensure that the organisation actually delivers on the Integrated Development Plan (IDP), budget (both capital and operational) spending and service delivery targets during the 2019/20 financial year. It is a continued commitment on how we will on quarterly basis implement and report on (service delivery) the objectives set out in our IDP. SDBIP gives operational expression to the developmental local government and the IDP.

The IDP is a strategic development plan which represents the driving force for making the Municipality more strategic, inclusive, responsive, and performance driven in character. The IDP therefore serves a contract between the Municipality and its residents in which it guides and informs all planning, budgeting, investment, development, management and implementation in the medium-term decision-making. It is a plan for the entire municipal area and not just for specific areas.

It is in this context that our IDP, budget and SDBIP would assist the Municipality to be rebuild in a way that the livelihoods of our people will improve and therefore contribute meaningfully in our open and transparent planning and implementation systems.

On 27th February 2020 Council consider and approved the adjusted 2019/20 MTREF budget to reaffirm the Municipality's commitment to achieve its service delivery targets.

It is envisage that the Adjusted SDBIP will be used as tool as

1. Improve oversight by political arm of the Municipality
2. Improve Expenditure on Operational and Capital
3. Improve Monitoring and Evaluation
4. Prioritisation of the Activities
5. Improve allocation of funds
6. Improve Alignment between IDP and Budget

OFFICIAL SIGN-OFF

It is hereby certified that this Adjusted Service Delivery Budget Implementation Plan :

1. Was developed with the supervision of the Executive Mayor of Makana Municipality and Management, as per the prescripts of the Municipal Finance Management Act No.56 of 2003 as guidance by MFMA Circular 13.
2. Takes into account all the relevant Acts, legislations, policies and other mandates for which the South African Resources Agency is responsible; and
3. Reflects the strategic outcome orientated goals and objectives which the Makana Municipality will endeavour to achieve over the period 1 July 2019 – 30 June 2020.
4. Alignment of the SDBIP KPI and revised IDP 2019-20 objectives
5. Alignment of the SDBIP 2019-20 to Adjusted Budget 2019-20
6. Addressing SMART principle of SDBIP KPI's

APPROVED BY:

..
Cllr M.Mpahlwa
Executive Mayor

Signature: M.Mpahlwa Date: 6/03/2020

EXECUTIVE SUMMARY

TABLE OF CONTENT

1. Strategic Overview
2. MFMA legislative requirements
3. Linkage with IDP and Budget
4. Components of adjusted top-layer of the service delivery budget Implementation plan (reflected as annexures)

1. STRATEGIC OVERVIEW:

The strategic direction that the Makana Municipality is undertaking is set out in its Integrated Development Plan (IDP). The plan has been reviewed for the 2019/20 financial year in conjunction with the stakeholders and community and the implementation of the Makana IDP is supported by the Medium Term Revenue and Expenditure Framework (MTREF) budget. The services that the Municipality provides and the investment in infrastructure will make the Municipality globally safe and attractive to live, work and invest. Investment supports and drives the development path and brings the opportunities of job creation that will ultimately improve social and economic livelihoods of the residents of Makana. The development of Service Delivery and Budget Implementation Plans (SDBIPs) is a requirement under Municipal Finance Management Act (MFMA) and gives effect to the municipality's Integrated Development Plan (IDP) and annual budget.

2. LEGISLATIVE FRAMEWORK IN TERMS OF MFMA

Section 1 of the Municipal Finance Management Act (MFMA) no 56 of 2003 defines the "service delivery and budget implementation plan" as the detailed plan approved by the Mayor of the municipality in terms of section 53 (1) (c) (ii) for implementing the municipality's delivery of municipal services and its annual budget and which must include the following :-

- a) Projections of each month of –
 - (i) Revenue to be collected by source and
 - (ii) Operational and Capital expenditure by vote
- b) Service Delivery targets and performance indicators for each quarter and
- c) Any other matters that may be prescribed and includes any revisions of such plan by the mayor in terms of section 54(i) (c).

The MFMA requires that municipalities develop a Service Delivery and Budget Implementation Plan as strategic financial management tool to ensure that budgetary decisions that are adopted by the municipalities for the financial year are aligned with their Integrated Development Plan Strategy.

In terms of section 53 (i) (c) (ii) of the MFMA the SDBIP must be approved by the Mayor of a municipality within 28 days of the approval of the budget.

3. LINKAGE WITH IDP AND BUDGET

Integrated Development Planning requires many different planning processes to be brought together and co-ordinated. In terms of linking service plans or service delivery and budget implementation plans of the individual directorate in the Municipality with the other planning processes in the IDP, the directorates should produce operational plans, capital plans, annual budgets, institutional and staffing plans, etc. to take the IDP forward.

Clearly it is not feasible to include all of this detail within the IDP document.

The Makana Municipality identified six development priorities areas (SDPs) arising from the engagement between community, the elected leaders and municipal administration and interested stakeholders.

The (SDPs) are aligned within the Five Year Local Government Strategic Agenda which is a roadmap entailing developmental priorities and corresponding targets to be achieved by municipalities during this term (2017-2022); as well as the national 2016 electoral mandate

These are:

1. Institutional Transformation and Organisational Development
2. Basic Service Delivery
3. Local Economic Development
4. Financial Management and Viability
5. Good Governance and Public Participation

The MTREF budget is allocated against these strategic focus areas at a municipal level. Corporate objectives with measurable key performance indicators (KPIs) and targets are identified. The municipal planning processes undertaken at directorate and sub-directorate levels yields objectives with indicators, targets and resource allocation (includes the budgets) at these various levels. The implementation of the SDBIP is categorised in terms of votes as prescribe by MFMA. The votes indicate budget allocations for Core Administration Makana are as follows;

- Vote 1: Infrastructure and Engineering
- Vote2: Corporate Services
- Vote 3: Financial Services
- Vote 4: Community and Social Services
- Vote 5: Executive Mayor
- Vote6 : Municipal Manager
- Vote7: Local Economic Development
- Vote 8: Technical and Infrastructure Housing
- Vote 9 : Technical and Infrastructure Electricity
- Vote 10: Technical and Infrastructure Water

4. COMPONENTS OF ADJUSTED TOP-LAYER OF THE SERVICE DELIVERY BUDGET IMPLEMENTATION PLAN (REFLECTED AS ANNEXURES)

4.1 Capital Budget

4.2 Adjusted Quarterly projections of service delivery target and performance indicators
