## **Adjusted Service Delivery Budget Implementation Plan**

**2021 - 2022**

## EXECUTIVE SUMMARY:

Our Service Delivery and Budget Implementation Plan (SDBIP) commits Makana Local Municipality to ensure that the organisation actually delivers on the Integrated Development Plan (IDP), budget (both capital and operational) spending and service delivery targets during the 2021/22 financial year. It is a continued commitment on how we will on quarterly basis implement and report on (service delivery) the objectives set out in our IDP. SDBIP gives operational expression to the developmental local government and the IDP.

The IDP is a strategic development plan which represents the driving force for making the Municipality more strategic, inclusive, responsive, and performance driven in character. The IDP therefore serves a contract between the Municipality and its residents in which it guides and informs all planning, budgeting, investment, development, management and implementation in the medium-term decision-making. It is a plan for the entire municipal area and not just for specific areas.

It is in this context that our IDP, budget and SDBIP would assist the Municipality to be rebuild in a way that the livelihoods of our people will improve and therefore contribute meaningfully in our open and transparent planning and implementation systems.

On 28th February 2022 Council consider and approved the adjusted 2021/22 MTREF budget to reaffirm the Municipality's commitment to achieve its service delivery targets.

It is envisaged that the Adjusted SDBIP will be used as tool as

1. Improve oversight by political arm of the Municipality
2. Improve Expenditure on Operational and Capital
3. Improve Monitoring and Evaluation
4. Prioritisation of the Activities
5. Improve allocation of funds
6. Improve Alignment between IDP and Budget

## OFFICIAL SIGN-OFF
